What We Love About the House...

130 Woody Ln. Athens, GA

Our favorite thing about this home is how easy it makes everything. Downtown Athens is just minutes away, close enough for a spontaneous dinner out or a Saturday at the farmers market. UGA and Loop 10 are right there too, so getting anywhere in town is a breeze.

And since we completed renovation, this place is just as easy to live in. There's fresh paint inside and out, luxury vinyl plank flooring throughout, and an updated kitchen with granite counters that's simple to keep clean. Everything is move-in ready, so the next owners can spend their time enjoying it instead of fixing it.

This house gives you the best of the Athens experience: downtown close by, and a calm, low-maintenance home waiting at the end of the day.
