LIVING LOCAL

Welcome to a neighborhood where charm meets genuine community spirit—where Santa arrives on a firetruck during the holidays, horse-drawn carriages delight children through festive streets, the Easter Bunny makes special visits, and neighbors gather for wine nights at local restaurants that feel like celebrations among friends.

Just beyond your doorstep, Huntington's rich cultural tapestry unfolds. Explore independent galleries and farm-to-table dining in the Village, experience world-class performances at The Paramount, or spend Sunday afternoons discovering new exhibitions at the Heckscher Museum. Berkeley Jackson Park offers year-round recreation, while the harbor provides sunset views and waterfront dining that capture the essence of Long Island living.

This is more than location—it's a lifestyle where every amenity enriches your daily experience.

25 Surry Hill Place Huntington

HOME OF THE BEST TASTING WATER IN SUFFOLK COUNTY

for the **12th** year

The Greenlawn Water District is proud to announce that we have once again been named the winner of Suffolk County's "Best Tasting Water" competition. This marks the 12th time our District has received this honor since the contest began in 1989, along with having earned the "Best Tasting Water in New York State" title twice. We take great pride in serving our residents the highest-quality water each and every day, and it is especially rewarding to be recognized on a countywide scale by those outside our District.

How the Competition Works

Hosted annually by the Long Island Water Conference (LIWC) in celebration of National Drinking Water Week, this year's contest took place May 7-8 at Farmingdale State College. More than 320 attendees participated in a blind taste test of water from providers across Nassau and Suffolk Counties and cast their votes for what they believed was the best tasting water.

Recognition of Our Team's Efforts

This award reflects the dedication and hard work of our employees, who ensure every day that the water we deliver not only tastes great but also meets or exceeds all local, state, and federal safety standards. From daily monitoring to long-term planning, we go above and beyond to comply with the strictest requirements. Protecting the integrity of our community's drinking water is at the heart of our mission and a responsibility we never take lightly.

Thank You to Our Community

We are grateful for the ongoing support and confidence of our residents, which inspires us to keep striving for excellence. We'll make sure the trophy has a safe home for the next year—and we look forward to defending our title in 2026!

COMMUNITY SERVICE PROJECT

Be my Valentine ♥♥♥♥♥♥♥♥♥♥

We are excited to announce our first OCH "Be My Valentine" event which is aimed at bringing us together as a community and spreading joy to someone special this Valentine's Day.

As we all know, many elders reside in nursing homes, some of whom do not have family or friends. Additionally, our veterans, who have shown selfless bravery in protecting our freedom, would appreciate a gesture of gratitude. This year's recipients will be Maryville Assisted Living and The Town of Huntington Veterans.

Let us come together and spread love and cheer this Valentine's Day by participating in this event. We encourage adults and children to write a letter or create a card to an elder and a veteran.

The cards should be dropped off in my mailbox at: **10 Beaverhill Lane by Wednesday, February 7th.**

Please do not include any personal information on the cards or envelopes, a first name is sufficient. The children are encouraged to be as creative as they like.

Children will receive a certificate of participation and four OCH community service hours. Names will be entered for a chance to win the Valentine surprise. The winner will be contacted by Lovelee via email or by phone. Parents, please write a little note when dropping off the cards so that I know who to contact.

Your act of kindness can make a big difference in someone's life. Let's show our neighbors that they are not alone and that we care for them. With gratitude,

Wade and Wichard's
new EARLY AMERICAN FARMHOUSE on full wooded acre!

New Houses in Suffolk

(Photos by Max Heine)

Greenlawn Farmhouse Proves Design Still Has Appeal

Traditional American farmhouse is becoming a popular design on Long Island for it offers the charm of Early American architecture plus a lot of living space for the money. The seven-room house with four bedrooms, three baths, two-car garage opening on the side of the house, and a basement is priced at \$24,750. Without bath and bedroom on the second floor, it sells for \$22,750. The living room measures over 21 by 13 feet and features a wood-burning fireplace. Builders Frank E. Wade and Albert Wichard have chosen a one-acre wooded plot for their attractive house. Herman H. York, AIA, of Jamaica, is the architect of Old Chester Hills development.

Optional bedroom and private bath, ideal for guest room, is available at Old Chester Hills for an additional \$2,000. Room measures 13 by 16 feet, has large window-wall for a sunny, cheerful atmosphere, and ample closets. It is located over ground-level bedrooms, keeping sleeping quarters in one wing. Beneath first floor bedrooms, the basement offers space for recreation room and bath. Exterior of house is brick and hand-split shingles in character with the design.
