Conditions

Code Condntions

F01	Water is delivered through the Minzer-Runsten Ditch.
C18	This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.
R05	Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No.75C.
R43	The right holder shall maintain a measuring device and lockable controlling works of a type approved by the Department in a manner that will provide the watermaster suitable control of the diversion(s).
R59	This right when combined with all other rights shall provide no more than 3.5 afa per acre at the field headgate for irrigation of the lands above.

004	This right does not grant any right-of-way or easement across the land of another.
029	Prior to the diversion and use of water under transfer 73997, the right holder shall comply with all fish screening and/or fish passage requirements of the Idaho Department of Fish and Game.
T07	The right holder shall accomplish the change authorized by transfer 73997 by March 17, 2009.
T08	Failure of the right holder to comply with the conditions of transfer 73997 is cause for the Director to rescind approval of the transfer.
