Christie's International Real Estate Group Announces New Luxury Development Ethos Kelsey, Belleville, NJ

🕒 May 14, 2025

Christie's International Real Estate Group announces that Donna Keena, Broker Associate, of the Christie's Edgewater Sales Gallery, is the exclusive listing agent for *Ethos Kelsey* in Belleville, NJ, located at 740 Washington Ave. Developed by Sound Development, *Ethos Kelsey* features a finely appointed curated collection of 104 residences, including 78 one-bedrooms and 26 modern studio apartments. As the most recent addition to Christie's new development portfolio, *Ethos Kelsey* brings a significant step forward in high-end rental offerings in the Belleville market. Leasing has begun for this luxury community with the opening to be celebrated in June 2025.

"We're thrilled to once again partner with Christie's International Real Estate Group and Donna Keena on this exciting new chapter in Belleville, which marks our second project," states Michael Pacillo, Director of Acquisitions at Sound Development. "Our collaborations have been built on a shared vision, and a commitment to quality. With *Ethos Kelsey*, we're proud to bring a thoughtfully designed, amenity-rich community to a town that's truly on the rise."

The Ethos Kelsey apartments feature modern interiors with detailed woodwork and breakfast bars. Many units also offer private terraces, blending indoor comfort with outdoor living. Designed with contemporary convenience in mind, each residence provides a stylish and functional retreat. They will range from 596 sq. ft. for studios to 996 sq. ft. one bedrooms. The monthly rent starts at \$2,300.

Donna Keena stated, “As the name Ethos implies – Sound Development has created a place to ‘Live Simple. Live Beautifully.’ There is no other property that can compare with the amenities and location of *Ethos Kelsey*. The view from the seventh-floor rooftop pool to the Manhattan skyline is exceptional. And Belleville’s charm is rooted in its rich history, vibrant local culture, great schools, and beloved landmarks like the iconic Belmont Tavern and the scenic cherry blossoms. *Ethos Kelsey* residents will be enamored of their home and their town.”

Highlights of the upscale amenities include Belleville’s first and only rooftop pool—complete with private cabanas, grilling stations, and views of the New York City skyline— two Zoom workspaces, overnight guest suites, several lounges both indoor and outdoor, a state-of-the-art fitness center, pet spa, dog run, game room with billiards, dedicated package/cold storage and mail reception areas, bike storage and covered parking.

Dubbed the Cherry Blossom capital as it rivals Washington, DC in the spring, Belleville is seeing transformative changes that continue to blend suburban comfort with ease of accessibility to New York City and Newark.
