The “Shire House” is a elegant two story cottage re-imagined to perfection. This desirable location boasts up-close pacific ocean views from the great room and dramatic vaulted ceilings. The living room window walls are anchored by a beautiful central Carmel Stone fireplace which opens onto an ocean view lounging deck. The gourmet eat-in kitchen has a new island and a comfortable seating arrangement to capture the sunshine out the bay windows. Generous interiors offers over 2000 square feet of living space. Two private en-suite bedrooms downstairs with California walk in closets, and a half bathroom upstairs. Both bedrooms have french doors with outdoor patios. There are dark stained hardwood floors upstairs and new luxurious silk and wool wall-to-wall designer carpets downstairs. This charming cottage boasts unique silk textured walls, Conrad shades and a smart home system.
