

The Seller Scoop

3802 Colorado Avenue ~ Durham NC 27707

Room | Our favorite place was the deck where we sat in the mornings and early evenings under the awning. We have fond memories of fun cookouts and parties with friends and family.

Walk | The streets in the neighborhood are lovely, especially in the Spring and Fall. The houses are so pretty and the gardens are an ever-changing source of beauty. The sidewalks are very conducive to walking and neighbors are out strolling or walking for exercise on a regular basis enjoying the weather and the scenery.

Lunch | I often enjoyed my lunch sitting on the deck and admiring the change of seasons in the big back yard.

Living here has been... Awesome! The neighbors are the best - friendly, helpful, and fun. The man of the house spent countless hours puttering and tinkering in the garage. The unique custom shelving and ample storage space made for a very productive environment. Planting spring bulbs and tending to the rose garden were favorite pastimes. Cutting roses every morning brought 3 seasons of daily joy.
