

The Seller Scoop

502 Summer Breeze, Durham, NC

View | The living area has a great setup with surrounding windows and a storm door. We love having the blinds open all year long to let natural light in!

Room | Kitchen- we bought this house mainly because of the large kitchen space, plenty of counters, and cabinet space, perfect for someone who loves to cook/ bake

Tree | Large dogwood tree in the front yard- very pretty when it blooms and provides great shade in the summer months

Walk | Museum of Life and Science- one of our favorite things to do is go there and walk the entire campus, seeing the different attractions in passing and getting a chance to see some of the animals.

Hike | West Point on the Eno Park

Breakfast | Monuts- great place to sit outside and enjoy breakfast

Lunch | Ricky's Pizza

Dinner | Mezcalito-best mexican food we've had and amazing vibes

Pub/Winery | Bull City Ciderworks Hi-Wire Brewing

Living here has been... | Filled with so many good memories. As a young family, we feel grateful to have lived in such a lovely neighborhood. The home itself has felt like a secure place to land for us and also a place to welcome others. We have gotten to know some wonderful neighbors that make this place feel like home. We have loved many lesiurely walks exploring the area.
