12 - Diagnostic Services	Inspection of plumbing Checked all fixtures in home for proper function and found that the diverter spout in the hall bathroom was dripping while the shower was in use. Recommend replacing diverter spout. Found no other issues at this time. Checked/tested for leaks in home and in crawl space and no leaks was observed at this time. Ran cycle on dishwasher and it worked as intended. Hose bibs work as intended and vacuum breakers are installed. Found no issues at this time. Filled all sinks, tub and dumped to test for proper drain performance. Found no issues at this time. Tankless water heater worked as intended and found no issues at this time. Checked incoming house pressure and it was normal, around 60psi. Water main shut off valve and Prv is located at crawl entry.	\$35.00	✓	5.0	\$175.00

Subtotal	\$175.00
Tax	\$13.13
Total	\$188.13

Notes

Thank you for your business!

Terms

Due upon receipt.

Payment for the completed job is expected upon receipt of the invoice. Balances unpaid after 30 days accrue interest at the rate of 18% per annum until paid in full. If legal action is necessary to collect an account, customer shall be responsible for the company's reasonable attorney's fees and costs.

If permits/inspections are applicable to your project, payment for the completed work is due upon receipt of the invoice, NOT upon passed inspection report. Greene Hunt Inc. will close the permit process as inspector and owner schedules' allow, and will rectify any cited problems promptly following the inspector's report.

A financing option, Klarna, is available if you cannot pay your balance in full upon completion. You must have your own existing Klarna account set up. Please click on the 'Klarna' tab at checkout and you may then set your payment plan with Klarna and Greene Hunt Inc. is paid in full.

Our standard limited warranty statement applies, beginning upon completion of job and invoice date. Please visit <https://www.greenehuntinc.com/standard-limited-warranty> for details.
