

KENTFIELD

Beautifully remodeled contemporary with incomparable reach-out-and-touch forest, King Mountain and Mt. Tam views, and hiking trails to Mt. Tam, Stinson Beach and beyond, through the back gate. Sunny, sparkling pool, folding panel doors that open entire rooms to the view-side wrap-around terrace, huge level lawn area and the fountain-like sound of the winter creek in the canyon below. The entry level to this stunning contemporary features the great room with living and dining areas, gourmet kitchen with adjacent family room, and three bedrooms and two and one-half baths. On its separate level, upstairs, is the master suite with large dressing area and closet, lavish bath with separate stall shower and tub, and view-side balcony overlooking the pool and those vast, serene woodlands. National-park seclusion and beauty, yet only minutes to Woodlands market, Branson, Bacich and Redwood schools. Four bedrooms, three and one-half baths, two-car garage, and the close-in park-like beauty you've always wanted, but never found – until now...
