188 Peacock Drive offers resort-like living and life on the green at its finest with immediate access to golf, tennis, waterfront walks, hiking and biking. Located on a double lot, the sprawling grounds feature an expansive driveway and motor court, pool and pool deck, sprawling lawn, four terraces and verdant gardens. The single-level, 3,540± sq. ft., four bedroom, three and one-half bath residence is centered around an inviting courtyard with water feature, and entered through a grand foyer opening to formal living and dining spaces and a gallery hallway lined with French doors. Additional highlights include an open plan kitchen and family room with vaulted ceilings and a fireplace, and a master suite with its own entry area leading to a large bedroom with fireplace, spa-like bathroom and walk-in closet. There is also an office with direct access to the courtyard and two additional bedrooms sharing a full bathroom, as well as a fourth en suite bedroom with kitchen and enclosed terrace, providing privacy for guests or an au-pair.
