At the first such meeting called, the presence of members or proxies entitled to cast sixty percent (60%) of all the votes of the membership of the Association shall constitute a quorum. If the required quorum is not present, another meeting may be called by the same notice requirement, and the required quorum at the subsequent meeting shall be one-half (1/2) of the required quorum at the preceding meeting. No such subsequent meeting shall be held more than 60 days following the preceding meeting.

Section 8. Uniform Rate of Assessment. Any and all dues of the Association or special assessments must be fixed at a uniform rate for all Tracts owned by Class A Members, and a uniform rate for all Tracts owned by Class B Members, and may be collected on a monthly or quarterly basis in lieu of annually. This decision may be made by Declarant until "Turnover" occurs, and thereafter may be made by the Board of Directors.

Section 9. Date of Commencement of Annual Assessments. The annual assessment period shall be a calendar year. Annual assessments shall not commence until January 1, 2004 (the "Assessment Commencement Date"). With respect to the initial sale of a Tract occurring after the Assessment Commencement Date, the buyer may be assessed at the closing of such sale for a prorated amount of the annual assessment attributable to such Tract as if such Tract had been assessed at the Class A annual assessment rate at all times during such annual assessment period, such prorated amount

to be determined based upon the number of days remaining in such annual assessment period after such closing. The Board of Directors shall fix the amount of the annual assessment against each Tract at least thirty (30) days in advance of each annual assessment period. Written notice of the annual assessment shall be sent to every Owner subject thereto.

Section 12. Reimbursement of Declarant. Notwithstanding any other terms or conditions set forth in this Declaration, any expenses which are incurred by Declarant prior to the establishment of the Association, or prior to sufficient income being received from assessment billings, and which would normally be the responsibility of the Association, shall be reimbursed to Declarant from proceeds of the Association as funds become available from dues and assessments, but in any case not later than one (1) year after the date the expense was incurred.

Section 13. Effect of Nonpayment of Assessments: Remedies of the Association. The Association may charge a one time late fee of \$50.00 if any assessment is not paid within thirty (30) days after the date it is due. In addition, any assessment not paid within thirty (30) days after the date it is due shall bear interest from the due date at the highest legal rate permitted by law to be charged the non-paying Owner. The Association may bring an action at law against the Owner personally obligated to pay the same, may foreclose the Association's lien against such Owners' Tract, and/or exercise any and all other rights and remedies it may have hereunder, or under Texas law, to enforce an Owner's obligations hereunder. No Owner may waive or otherwise escape liability for the assessments provided for herein by non-use of the Common Area or abandonment of his Tract.

Section 14. Subordination of the Lien to Mortgage. The Association's lien to secure payment of the assessments provided for herein shall be subordinate to mortgage, deed of trust, or home equity liens of record. The sale or transfer of any Tract shall not affect the assessment lien. No sale or transfer shall relieve such Tract from liability for any assessments thereafter becoming due or from the lien thereof.

Section 15. Exempt Property. All Common Areas and other portions of the Property, if any, which are dedicated to public authorities, shall be exempt from

assessment.

(2) Swine shall not be kept on any Tract.

(3) All livestock, pets and poultry shall be provided shelter and shall be kept under fence within the boundaries of a Tract. This restriction shall not apply to unsold Tracts owned by Declarant. Furthermore, Declarant and the Association (and/or their tenants or assignees) shall have the right to graze cattle or livestock on an Owner's Tract until such time as such Owner has fenced such Owner's Tract; and each Owner and their respective heirs, successors and assigns, by acceptance of title to an interest in a Tract, hereby agree to indemnify and hold harmless Declarant and the Association (and their respective tenants or assignees), from and against, and hereby waive and release any claims or causes of action such Owner may have with respect to, any injuries to any persons or any damages to any properties that may be caused by livestock on an Owner's Tract, or that may otherwise arise out of, or be suffered or incurred in connection with, the exercise by Declarant or the Association (or their tenants or assignees) of the right to graze livestock on an Owner's Tract, and/or the presence of livestock on an Owner's Tract.

(4) There shall be no commercial feeding operation or commercial breeding of animals or fowl on any Tract. Animals used for grazing a tract while simultaneously raising young (e.g., a cow/calf operation) shall not be considered commercial breeding of animals. One (1) male animal (for example, one bull or one ram) shall be permitted on a Tract. Notwithstanding the foregoing, cattle and horses shall be limited to one (1) head for every two (2) acres. Small animals, such as sheep or goats, shall be limited to two (2) heads per acre. Lamas, emus, ostriches or other exotic animals shall be limited to one (1) head for every two (2) acres.

(5) A church shall not be located on any Tract.

(6) Prior to the construction of the principal Dwelling, an Owner shall be permitted to camp on such Owner's Tract, for a period not to exceed ten consecutive calendar (10) days, and not more than forty (40) total calendar days in any one calendar year.

(7) Abandoned or inoperative equipment, vehicles or junk shall not be permitted on any Tract. Owners are to keep each Tract clean and neat in appearance and free of litter at all times. Garbage or refuse or any hazardous material, as defined by any state or federal law, rule or regulation, shall not be buried or disposed of on any Tract. Noxious or offensive activity shall not be permitted on any Tract, nor any activity which would be considered an annoyance or nuisance to other Owners.

(8) Mineral exploration of any type which will damage the surface shall not be permitted on any Tract.

(9) No hunting shall be allowed on any Tract. No prolonged or consistent discharge of firearms, such as skeet or trap-shooting, shall be allowed on any Tract.

(10) No trapping of animals will be allowed, except animals can be trapped when they have become a nuisance and the trapping is for animal control purposes.

Section 3. Restriction Against Subdivision

(1) No re-subdivision of any Tracts into smaller tracts shall be permitted; provided that Declarant shall have the right to re-subdivide any Tracts owned by Declarant without restriction.

ARTICLE IX.

ARCHITECTURAL REVIEW COMMITTEE

Section 1. Development Objectives. The aesthetic and ecological quality of the Property requires that all Improvements and exterior lighting be compatible with other improvements and be in harmony with the natural surroundings. To this end, an Architectural Review Committee (the "ARC") has been created as described in this Article IX. The ARC has the responsibility to carry out the goals and functions that have been adopted, and are described below, and which may be amended from time to time.

Section 2. Architectural Review Committee. The ARC shall be composed of three (3) persons selected and appointed by (i) the Declarant, as long as the Declarant owns any interest in any of the Tracts, and (ii) after the Declarant no longer owns any interest in any of the Tracts, by the Board of Directors of the Association.

Section 3. Goal of ARC. The goal of the ARC is to encourage the construction of improvements (including exterior lighting) of good architectural design, aesthetic quality and proper size compatible with other improvements and in harmony with the natural surroundings. Improvements should be planned and designed with particular attention to the design and aesthetic appearance of the exterior and the use of such materials as will, in the judgment of the ARC, create an attractive and harmonious blend with existing improvements and the natural surroundings. The ARC may disapprove the construction or design of an improvement on purely aesthetic grounds where, in its judgment, such disapproval is required to protect the continuity of design or values of the Subdivision and of other Owners, or to preserve the serenity and natural beauty of any surroundings. Prior judgments regarding such matters of design or aesthetics shall not be deemed

binding upon the ARC if the ARC feels that the repetition of such matters will have an adverse effect on the Subdivision.

Section 4. ARC Approval Required. No Improvement shall be erected, constructed, placed, altered (either by addition or deletion), maintained or permitted to remain on any Tract until plans and specifications, in such form and detail as the ARC may deem necessary, shall have been submitted to and approved in writing by the ARC. No external lighting shall be placed, altered (either by addition or deletion), installed, maintained or permitted to remain on a Tract until the type, location and other elements and characteristics of such lighting has been approved in writing by the ARC. The ARC shall have the power to employ professional consultants to assist it in discharging its duties, with the costs and fees of such professional consultants to be paid by the Association. The decision of the ARC shall be final, conclusive, and binding upon the applicant.

Section 5. Procedures. The ARC may, but is not obligated to, establish and publish from time to time reasonable administrative procedures and separate building guidelines covering Improvements and exterior lighting.

Section 6. Design Submittal. The Owner must submit a design plan, which must adequately reflect to the ARC the true design quality of the proposed work. Final exterior plans and specifications shall be submitted in complete form in duplicate and shall include (i) all elevations of any proposed structure(s) (including walls, signs, pools, pool buildings, barns, pens, etc.), roof height, exterior lighting plans, specification of materials, textures and shapes, and (ii) a site plan showing the general location of all proposed and existing improvements, the dimensions and shapes of all proposed and existing improvements, and identifying any trees to be cut in connection with the proposed work. All exterior measurements and dimensions must be shown (1/4" = 1' minimum). Description of materials and finishes must be clearly indicated.

Section 7. Basis of Approval. Approval of preliminary design plans and final plans and specifications shall be based upon the following:

- (a) The architectural design.
- (b) Harmony and conformity of the design with the surroundings both natural and built.
- (c) Adequacy of the design to conditions of the site.
- (d) Conformity to specific and general intent of the restrictive covenants set forth in this Declaration.

Section 8. Variances. Upon submission of a written request for same, the ARC

may, from time to time, in its sole discretion, permit Owners to construct, erect, or install improvements which are in variance from the covenants, restrictions, or architectural standards which are provided in this Declaration or those which may be promulgated in the future. In any case, however, such variances must, in the ARC's sole discretion, blend effectively with the general architectural style and design of the Subdivision and must not detrimentally affect the integrity of the Subdivision, nor harmony with the natural surroundings. No member of the ARC shall be liable to any Owner for claims, causes of action or damages arising out of the grant of any variance to an Owner. Each request for a variance submitted hereunder shall be reviewed separately and apart from other such requests and the grant of a variance to any Owner shall not constitute a waiver of the ARC's right to strictly enforce the covenants, restrictions and architectural standards provided hereunder, against any other Owner.

Section 9. Issuance of Building Permit. Upon approval of final submittals, a building permit will be issued and construction may begin. All such permits must be prominently displayed at the job site.

Section 10. Failure of ARC to Act. If the ARC fails to approve or to disapprove either the preliminary design plans or the final plans and specifications or to reject them as being inadequate within thirty (30) days after submittal thereof, it shall be conclusively presumed that such ARC has approved such preliminary design plan or such final plans and specifications. If preliminary design plans or final plans and specifications are not sufficiently complete or are otherwise inadequate, the ARC may reject them as being inadequate or may approve or disapprove part, conditionally or unconditionally, and reject the balance.

Section 11. Limitation of Liability. Neither the Declarant, nor the ARC, nor any of the members of the ARC, nor the Association, nor the Board of Directors or the members of the Association shall be liable in damages or otherwise to anyone submitting plans and specifications for approval, to any Owner or to any other person or entity by reason of the exercise of or the failure of the ARC to exercise any of its rights and powers hereunder, including without limitation: (i) the approval or disapproval of any plans and specifications, (ii) the approval or disapproval of any variances, (iii) the failure to take action with respect to any plans and specifications or the construction of any improvements on any Tract, or (iv) the construction or performance of any work on any Tract, whether or not pursuant to any approved plans or specifications. Review and approvals by the ARC are for the purposes of the protection and maintenance of the aesthetic and ecological quality of the Property, and not for the purposes of determining the adequacy of the engineering, structural integrity, quality of construction, soundness of construction, safety of plans or construction, code compliance, compliance with any other laws, rules or regulations applicable to the improvement or the construction, or any other matters involving the plans, specifications or construction of the improvements ("Construction Matters"). Consequently, and without limiting the generality of the foregoing provisions of this section, neither the Declarant, nor the ARC, nor any of the

members of the ARC, nor the Association, nor the Board of Directors or the members of the Association, shall be liable in damages or otherwise to anyone for any causes of action, claims, debts, demands, losses, costs, damages, expenses, obligations or other liabilities arising out of or in any way related to any Construction Matters.

ARTICLE X.

TERM

The covenants and restrictions set forth in this Declaration are made and adopted to run with the land and shall be binding upon the undersigned and all parties and persons claiming through and under them until January 1, 2033, at which time said covenants and restrictions shall be automatically extended for successive periods of ten (10) years unless and until an instrument executed by Owners of at least eighty percent (80%) of the Tracts (excluding Tract 23) has been recorded agreeing to terminate said covenants and restrictions in whole or in part; provided that, if Declarant owns any interest in the Property at the time, the covenants and restrictions may only be terminated if the Declarant joins in executing such instrument.

ARTICLE XI.

ENFORCEMENT

Section 1. Right of Enforcement. Declarant, its successors or assigns, the Association, its successors or assigns, or any Owner (including the Owner of Tract 23), shall have the right to enforce, by proceedings at law or in equity, the terms, provisions, covenants, conditions, and restrictions of this Declaration. Failure of Declarant or the Association to take any action upon any breach or default shall not be deemed a waiver of their right to take action upon any subsequent breach or default. Declarant, for itself, its successors or assigns, reserves the right to enforce this Declaration, though it may have previously sold and conveyed all Tracts controlled hereby. The reservation by Declarant or the Association of this right of enforcement shall not create a duty or obligation of any kind to enforce same, and neither Declarant nor the Association shall be subjected to any claim, demand, or cause of action from any Owner by virtue of not enforcing any term, provision, covenant, condition or restrictions herein contained.

Section 2. Declarant and Association Right to Self Help.

(a) The Declarant and Association shall have the authority to employ self-help to enforce compliance with any provision of this Declaration. Upon the occurrence of a default or other violation of this Declaration, the Declarant or the Association may provide notice to the defaulting Owner of the matter of noncompliance, the action necessary to cure the noncompliance, and a date by which the noncompliance shall be cured. In the event the

Owner fails to cure the matter of noncompliance within the required time, the Association may take action to cure the matter of noncompliance.

(b) Notice of default or other violation of this Declaration and of the Declarant's or Association's intent to act pursuant to this provision shall be in the form and in the manner as required by Article XVII. In the event of continuing noncompliance, a second notice, at least ten (10) days subsequent to the date of the mailing of the first notice, shall be sent to the noncomplying Owner. Not sooner than thirty-five (35) days after date of the mailing of the first notice, the Association or the Declarant may send a third notice (the "Notice of Intent to Remedy") to the noncomplying Owner of the Association's or the Declarant's intent to remedy the noncomplying condition. The Notice of Intent to Remedy shall be sent by United States Certified Mail, return receipt requested, and shall otherwise conform to Article XVII. In the event the noncomplying condition is not cured within ten (10) days after the date of the Notice of Intent to Remedy, the Declarant or the Association may commence actions to remedy the noncomplying condition at the sole expense of the noncomplying Owner.

(c) In the event that Declarant or the Association acts to remedy a noncomplying condition in accordance herewith, all sums incurred by the Declarant or the Association in connection therewith, including any attorneys' fees, shall be charged against the Owner, and shall be payable by the Owner upon demand. If such sums are not paid within three (3) days after demand for payment is made therefor, such sums shall bear interest at the highest legal rate permitted by law to be charged the Owner and, unless otherwise provided herein, shall be secured by the assessment lien provided for herein against all Tracts owned by such Owner. In addition, the Declarant or the Association may exercise any and all other rights and remedies that may be available hereunder, or under Texas law, to enforce an Owner's obligations hereunder.

ARTICLE XII.

ASSESSMENT LIEN/NONJUDICIAL FORECLOSURE

Section 1. To secure the payment of assessments and to ensure compliance with the applicable covenants, conditions, restrictions and easements set forth herein, each Owner, upon acceptance of his or her deed to a Tract governed by this Declaration conveys the Tract to the Trustee hereinafter named, in trust, for so long as these covenants, conditions, restrictions and easements shall remain in effect, such conveyance operating as a Special Deed of Trust. If an Owner fails to tender payment of assessments or reimbursements when due, or if an Owner fails to perform any of the obligations under or maintain any condition required by this Declaration, the Declarant or the Association, in accordance with Article XI above, may perform those obligations, advance whatever funds may be required, and then be reimbursed by the Owner on demand for any sums so advanced, including attorney's fees, plus interest on those sums from the dates of payment at the highest legal rate permitted by law for the Owner. The sum to be reimbursed shall be secured by this Special Deed of Trust.

Section 2. If the Owner fails on demand to reimburse the Association for the sums advanced or for the assessments owed, and such failure continues after the Association gives the owner notice of the failure and the time within which it must be cured, as may be required by law, then the Association, as the Beneficiary of this Special Deed of Trust, may:

(a) Request the Trustee appointed herein, or such Trustee's successor, to foreclose the liens created herein, in which case the Association shall give notice of the foreclosure sale as provided by Section 51.002 et. seq. of the Texas Property Code then in effect or any successor statute thereto; and

(b) Purchase the Tract at any foreclosure sale by offering the highest bid and then have the bid credited to the reimbursement or satisfaction of the outstanding indebtedness owed to the Association.

Section 3. If requested by the Association to foreclose this lien, the Trustee shall:

(a) Either personally or by agent give notice of the foreclosure sale as required by, Section 51.002 et. seq. of the Texas Property Code then in effect or any successor statute thereto;

(b) Sell and convey the Tract to the highest bidder for cash with a general warranty binding the Owner, subject to prior liens and to other exceptions to conveyance and warranty; and

(c) From the proceeds of the sale, pay, in this order:

- (1) expenses of foreclosure, including a commission to Trustee of five percent (5%) of the successful bid;
- (2) to the Association, the full amount advanced, attorney's fees, and other charges due and unpaid;
- (3) any amounts required by law to be paid before payment to the Owner; and
- (4) to the Owner, any remaining balance.

Section 4. Mark H. Beall, Attorney at Law, is appointed Trustee for the purpose of this Article XII. The Association, as Beneficiary, may appoint a substitute or successor trustee, succeeding to all rights and responsibilities of the Trustee appointed herein, by filing an appropriate designation of substitute trustee among the Real Property Records of Gillespie County, Texas.

Section 5. From and after any foreclosure under this Article XII, the occupants of such Tract shall be required to pay a reasonable rent for the use of such Tract and such occupancy shall constitute a tenancy-at-sufferance. The purchaser at such foreclosure shall be entitled to the appointment of a receiver to collect such rents and, further, shall be entitled to sue for recovery of possession of such Tract by forcible detainer without further notice.

Section 6. It is the intent of the provisions of this Section to comply with the provisions of Texas Property Code Section 51.002, as such provisions may be amended from time to time. The President of the Association, acting without joinder of any Owner or mortgagee of any Owner, may, by amendment to this Declaration filed in the office of the County Clerk of Gillespie County, Texas, amend the provisions hereof so as to comply with Section 51.002.

Section 7. Any liens created by this Declaration, shall be superior to all other liens and charges against any Tract covered hereby, except only for tax liens, and mortgage, deed of trust, or home equity liens of record.

Section 8. The assessment lien and other provisions of this Article XII shall not apply to Tract 23.

ARTICLE XIII.

PARTIAL INVALIDITY

The invalidation of any of the terms, provisions, covenants, conditions or restrictions contained in this Declaration, by judgement, court order, operation of law or otherwise, shall in no way affect the validity any of the other terms, provisions, covenants, conditions or restrictions hereof, which shall remain in full force and effect. This Article XIII shall apply to all Tracts, including Tract 23.

ARTICLE XIV.

AMENDMENT

(a) Except as otherwise provided herein, as long as Declarant owns any interest in the Property, the Declarant and the Owners (but expressly excluding their respective mortgagee's, if any) of at least eighty percent (80%) of the Tracts (excluding Tract 23) may amend this Declaration, by executing and filing an instrument containing such amendment, in the office of the County Clerk of Gillespie County, Texas. Except as otherwise provided herein, from and after the date that Declarant no longer owns any interest in the Property, the Owners (but expressly excluding their respective mortgagee's, if any) of at least eighty percent (80%) of the Tracts (excluding Tract 23) may amend this Declaration (except for the terms and conditions of any loan or assessments due to Declarant by the Association) by

executing and filing an instrument containing such amendment, in the office of the County Clerk of Gillespie County, Texas.

(b) Notwithstanding anything to the contrary, Declarant shall have the right at any time, at its sole discretion and without any joinder or consent of any other party, to amend this Declaration for the purposes of correcting any error, ambiguity or inconsistency appearing herein or for any reason whatsoever deemed necessary for the benefit of the overall development as determined by Declarant, in its sole discretion. Said amendment shall be effective upon filing of the instrument containing such amendment in the office of the County Clerk of Gillespie County, Texas.

(c) Notwithstanding the above, the covenants, conditions and restrictions contained in Article VIII above shall not be modified or amended in such a way that would cause a significant adverse affect on an Owner's existing use of such Owner's Tract, without such Owner's consent.

(d) Notwithstanding the above, this Declaration may be amended at any time by Declarant, or by the Association, in order to cause all of the provisions of this Declaration to be applicable to Tract 23, if and only if, the then Owner of Tract 23 consents to and executes the amendment.

ARTICLE XV.

WAIVER AND LACHES

The obligation to abide by the provisions contained in this Declaration shall be deemed to be of a continuing and continual basis. Each and every day an Owner (including the Owner of Tract 23) allows a condition to exist on such Owner's Tract which is not in compliance with the requirements contained herein shall constitute a separate and individual violation hereof, and shall give rise to a new cause of action for such breach. The intended effect and express purpose of this provision shall be that every Owner, by accepting title to a Tract, hereby waives the affirmative defenses of the statute of limitations, waiver and laches with respect to covenant violations. Noncompliant conditions shall be allowed to exist on a Tract only upon the Owner obtaining a written variance in accordance with the applicable provisions herein. Failure of Declarant, the Association, the ARC, or of any Owner to enforce the terms of this Declaration shall in no event be deemed a waiver of the right to do so thereafter.

ARTICLE XVI.

ASSESSMENTS BY AWARD OR JUDICIAL DECREE

In the event arbitration or litigation is necessary to enforce any provision contained

within this Declaration, any and all awards granted by the arbitrator, or damages, penalties, fees, costs, and/or any other charges awarded in the decree shall also constitute an assessment, which shall likewise run with the land, and which shall be secured by the lien created in Article XII herein. This Article XVI shall apply to all Tracts, including Tract 23.

ARTICLE XVII.

NOTICE BY ASSOCIATION

Whenever written notice to a member (or members) of the Association is permitted or required hereunder, such shall be given by the mailing of such to the member at the address of such member appearing on the records of the Association, unless such member has given written notice to the Association of a different address, in which event such notice shall be sent to the member at the address so designated. Notice shall conclusively be deemed to have been given by the Association on the date such Notice is deposited in the United States Mail, properly addressed, whether received by the addressee or not. This Article XVII shall apply to all Tracts, including Tract 23.
