No lot shall be a dumping ground for rubbish. All rubbish and household garbage shall be removed from each lot at least once each seven (7) days and no such rubbish or garbage shall be buried, burned or otherwise disposed of on any lot, except that wood, leaves, paper and other readily combustible trash may be burned if burned in an incinerator or without creating a fire hazard. No building material of any kind shall be placed or stored upon any lot, except during actual construction. No unsightly storage shall be permitted. Trucks or other unsightly vehicles shall be kept in an enclosed garage or storage facility protected from the view of the public and other residents of the Subdivision. The owner of each lot shall keep grass, weeds and vegetation trimmed or cut so that each lot shall remain in a neat and attractive condition. Upon failure of any owner to do so within thirty (30) days after notice to the owner, the Developer may enter upon said lot and correct the problem at the expense of the Owner, provided that the charge to the Owner shall not exceed the reasonable and necessary actual expense of so doing.

III.

ANIMALS

No animals or livestock, other than dogs, cats and common household pets shall be kept in the Subdivision, and then only upon the condition that the custodian thereof abide at all times by all of the ordinances and regulations of the City of Kerrville, Texas, with respect to the care, control and ownership of such animals within the City including "leash" and "vaccination" ordinances and reference is here made to

At no time shall the drilling, usage or operation of any water well be permitted on any lot. WATER

- 1. Developer agrees to cause and pay for the Kerrville South Water System to be extended into the Subdivision, which will make water for household purposes available to each numbered lot in the Subdivision. The rates and charges for water shall be as set by such water system, from time to time, subject to regulation by the Texas Public Utility Commission.
- No water from any stream located in the Subdivision shall be dammed or impounded or be removed for domestic, irrigation or any other purposes.

VI.

LOT OWNERS' ASSOCIATION

 At such time as one-half (1/2) of the lots in the Subdivision have been sold or contracted for sale by the Developer, each lot owner will be informed of the time, date and place of an initial meeting of all lot owners to be held for the purpose of organizing the Deerfield Lot Owners' Association. Each lot owner, including the Developer, attending or represented by written proxy at such meeting, shall have one vote for each lot owned by such owner on all votes on all business coming before and transacted at the meeting. A majority of the votes of the lot owners in attendance at such meeting in person or represented by written proxy on any item of business coming before the meeting shall be sufficient to adopt and affirm such item of business on behalf of the association.

- 2. Votes at the initial organizational meeting of the association shall be evidenced by written ballot furnished by the Developer, and in addition to such other business as shall come before the meeting, the meeting shall address and act upon the following items:
- A. Selection of the form of the association, e.g., nonprofit corporation, informal association, etc.
- B. Election of officers to hold the offices of President, Vice President, Secretary and Treasurer during the first association operating year.

- E. Set the time, place and date of the next meeting of the members of the association, which shall not be later than one (1) year from the date of the initial meeting. There shall be a meeting of the members of the association at least once each year.

- F. Following initial construction of the roadways within the Subdivision, the Developer shall have no further obligation with regard thereto, and in the absence of Kerr County or other governmental agency keeping such roadways in a good condition of maintenance and repair, such maintenance and repair shall be the responsibility of the association at its cost and expense.
- G. The association shall have the right and authority to undertake such other projects as it shall elect for the mutual benefit of all lot owners within the Subdivision.
- H. The association shall from time to time, and not less often than once each year, assess against each lot and lot owner within the Subdivision an assessment and charge sufficient to meet the expenses of organizing and operating the association and to pay the maintenance costs herein imposed upon and which may be assumed by the association. All such assessments upon any lot in the subdivision shall become the personal obligation of the owner of such lot, as well as an encumbrance upon such lot and the association shall have and is hereby granted a lien upon each lot to secure payment of such assessments and such assessments shall be obligations running with the land.

VII.
