JOHN PETER DIXON ("Developer") as owner of that certain property described in Exhibit "A", attached hereto and made a part hereof for all purposes (the "Development") heretofore adopted certain restrictions (the "Restrictions") for the Development. Less than 75% of the Development has been sold, and Developer desires to amend and restate the Restrictions pursuant to the terms hereof. Inasmuch as more than 75% of the acreage in the Development has not been sold, Developer has the exclusive right to amend the Restrictions; however, if restrictions have been created as to any portions of the Development which is currently under a contract for the sale of such portion which do not permit such amendment, the amendments set forth herein shall not be binding upon such contract purchaser nor the property subject thereto until approved by such contract purchaser, so that if such approval is required these amended Restrictions shall not affect, limit or waive any such prior existing restrictions until so approved, and the failure to obtain such approval shall not affect, limit or waive these Restrictions as to all other property (except the portions covered by said prior contracts) covered hereby.

NOW, THEREFORE, in order to improve, use, and sell the Development in an orderly manner and to enhance the permanent value thereof for the mutual benefit of all subsequent owners Developer hereby adopts and imposes the following amended restrictions, reservations, and covenants, hereinafter called "Restrictions" (as amended and restated hereby), upon each and every tract of land shown upon plats recorded in Volume 4, Page 242 and in Volume 4, Page 182, Plat Records of Kerr County, Texas, to which Exhibit "A", and plats and their record reference is here made for all purposes, such Restrictions to be covenants running with the land, to-wit:

1. Use- Each tract shall be used only for residential purposes and only one single family residence shall be constructed on any one tract. No building erected on any tract shall be erected nearer than twenty (20) feet to any boundary of said tract; provided, that Developer, or any committee appointed pursuant to paragraph 4 hereof, may reduce or eliminate such twenty foot restriction based upon the size of the parcel on which a building is to be constructed, which building and its location shall be first approved as set forth in paragraph 4 and in accordance with this paragraph. No tract is to be subdivided after its initial sale by Developer, except any tract not less than ten (10) acres in size at date of initial purchase from Developer may be resubdivided one time only into two (2) tracts of no less than five (5) acres in size each or as Developer, or the committee appointed pursuant to paragraph 4 hereof, shall approve; Developer hereby reserving, for itself and said committee appointed pursuant to paragraph 4 hereof, the right and authority to resubdivide or permit the resubdivision of any part of the Development into smaller or larger tracts, as Developer, or said committee, deems proper in its sole discretion. No mobile homes, trailers, or temporary structure of any sort shall be used on said tracts whether or not same is placed on a foundation of any type without first obtaining Developer's express written consent thereto.

2. Size- The principal residential structure on any one tract shall contain a minimum of 1,200 square feet of living area.

3. Animals- No swine shall be kept on said tracts. Other animals, such as horses, cows, sheep, or goats, may be kept only with prior written consent of Developer or its authorized agents. No commercial use of said tracts for breeding, fattening, keeping, or selling of any animals or otherwise shall be permitted.

4. Construction - Any building erected on said tracts, which is constructed of wood, stucco, cement, or metal shall be stained or painted, or have the color mixed in the final coat. Any construction commenced upon any tract must be completed within one year of the time construction was initiated. All construction shall first be approved by Developer, or its designated successors or assigns, prior to commencement of construction.

Developer reserves the right to approve or disapprove any and all resubdivisions, exterior additions to, changes in, constructions, alterations or excavations of any portion of the Development or of any structure or improvements located thereon, either permanent or temporary, including without limitation additions to or of, changes in, or alterations of grade, landscaping, roadways, walkways, signs, exterior lights, walls, fences, buildings, or other structures or improvements located thereon which any person or entity seeks to commence, erect, place or maintain upon any portion of the Development. Request for such approval shall be submitted to Developer at such address as may from time to time be designated by Developer of record in the Deed Records of Kerr County, Texas (and if no such notice be so designated such notice shall be submitted to Developer's business address). Such request shall be in writing and shall be accompanied by plans and specifications showing the nature, kind, shape, height, materials, color, location and other material attributes of the structure, improvements, addition, change, alteration or excavation. If Developer fails to approve or disapprove such request within thirty (30) days after it is submitted, approval will not be required. Developer shall have no duty to exercise the power of approval or disapproval hereby reserved. Non-exercise of the power in one or more instances shall not be deemed to constitute a waiver of the right to exercise the power in other or different instances. Likewise, approval of any one set of plans and specifications

shall not be deemed to constitute approval of any other or different plans and specifications. The power hereby reserved may be delegated by Developer, at Developer's discretion from time to time, to a committee appointed, empowered and constituted by Developer, whose members shall serve and may be replaced at the pleasure of Developer.

5. Sewage - All toilets shall be indoor. No sewage disposal system, sanitary system, cesspool, or septic tank shall be constructed, altered, or allowed to remain or be used in any tract unless fully approved as to operation, design, capacity, location, and construction by all proper public health agencies of the State of Texas and the County of Kerr and in compliance with the regulations of any political subdivision of the State of Texas.

6. Nuisance - No tract shall be occupied or used for any noxious or offensive activity and nothing shall be done or permitted to be done on said tract which is a nuisance or might become a nuisance to the owners of any surrounding tracts including the disposal of trash, garbage, and junked cars. Garbage, trash, and junk shall be hauled away at least once every two weeks and shall be kept in covered containers.

7. Timber, Dirt, Minerals - The only drilling activity permissible on any tract shall be to obtain water. No timber, dirt, or minerals of any kind shall be removed for commercial purposes from any tract.

8. Streets, Roads, Easements - The existing streets, roads, and easements in the Development both visible and apparent on the ground and as reflected by the Plat Records of Kerr County, Texas (including plats of additional property and tracts of the Development which may be recorded hereafter) are hereby dedicated to public use. Each tract and any instrument pertaining to such tract or to the title thereto is hereby expressly made subject to all such streets, roads and easements. Developer, its successors and assigns, shall not be liable for any damage to any tract or any improvement thereon arising from the installation of any utilities in or on such streets, roads, and easements.

9. Duration - These restrictions, covenants, and reservations may be amended at any time by those persons or legal entities buying pursuant to contract or owning no less than 75% of the acreage originally comprising the Development. Developer shall have the sole right to alter or amend any restriction, reservation, or covenant herein contained, without further notice, until such time as at least 75% of the original acreage of the Development is sold or has been contracted to be sold. Thereafter, the persons or entities owning or buying each tract shall have the sole responsibility of enforcing, maintaining, altering, or amending these restrictions and covenants (excepting easements) or adding thereto, and Developer shall have no liability therefor. Enforcement of these restrictions shall be by proceedings at law or in equity to restrain violations or to recover damages, against any person or persons violating or attempting to violate any covenant, and shall be available to Developer and any tract owner or purchaser, and the violator shall be liable for all court costs and reasonable attorney's fees incurred therein.

10. Maintenance Fee - Each tract owner or purchaser agrees to pay to Developer, Developer's successors and assigns, the sum of fifty (50) cents per month per acre owned or being purchased by such purchaser in the Development for a fund to maintain roads and parks in the Development; provided, that Developer may waive, exempt or reduce the maintenance fund obligation of certain tracts within the Development whose use, and access to, said roads, and the benefits from such maintenance, is determined by the Developer to be such as would not warrant the assessment of such maintenance expense against such tract, as determined by the Developer in its sole discretion. Each such obligation shall be a charge and lien upon each such owner's or purchaser's tract, unless so waived or exempted, as well as a continuing personal debt of such owner or purchaser. Such lien and charge shall be subordinate to any first lien mortgage.

11. Other Sales - Developer expressly reserves the right to vary, limit, amend or exempt tracts within the Development from these Restrictions based upon the use, configuration and character of such tracts as compared with other tracts in the Development, as determined by the Developer, in its sole discretion. These Restrictions may be extended by Developer to additional property by recording a plat of an additional section of Lake Ingram Estates and/or by recording a Supplement hereto in the Deed Records of Kerr County, Texas.

12. Zoning - All zoning and other laws, rules and regulations of any government or subdivision thereof under whose jurisdiction the Development lies are considered to be a part hereof and enforceable hereunder and all owners of said lands shall be bound by such laws, rules and regulations as they now exist or may hereafter come into effect.

13. Successors and Assigns - These restrictions and each and all easements, powers and reservations shall be binding upon and for the benefit of all successors and assigns of Developer.
