ARTICLE III. GENERAL RESTRICTIONS

All of the Property shall be owned, held, encumbered, leased, used, occupied and enjoyed subject to the following limitations and restrictions:

3.01 Insurance Rates. Nothing shall be done or kept on the Property which could increase the rate of insurance or cause the cancellation of insurance on any Lot or any of the improvements located thereon.

3.02 Signs. As a general rule, no signs of any kind shall be displayed to the public on any lot except one sign, commercially attractive, of not more than six (6) square feet advertising the property for sale or rent. However, during the construction period of the dwellings within the Subdivision, each builder may have up to one sign of up to sixteen (16) square feet advertising their particular homes and/ or services, and may include a lenders name providing construction financing. Signs which advertise Subdivisions other than those owned by Declarant will not be allowed. Declarant, or its agent, shall have the right to remove any sign not complying with the provision of this section, and in so doing shall not be liable for any tort arising from such removal.

3.03 Rubbish and Debris. No rubbish or debris of any kind shall be placed or be permitted to accumulate upon the Property and no odors shall be permitted to arise therefrom so as to render the Property or any portion thereof unsanitary, unsightly, offensive or detrimental to any other Property or to it's occupants. Refuse, garbage and trash shall be kept at all times in covered containers to the rear of the residence and such containers shall be kept within enclosed structures or appropriately screened from view by the public, and contents thereof disposed of regularly as required by the City.

3.04 Noise. No exterior speakers, horns, whistles or other sound devices (other than alarm devices used exclusively for security purposes) shall be located, used or placed on any of the Property. No noise or other nuisance shall be permitted to exist or operate upon any portion of the Property so as to be offensive or detrimental to any other portion of the Property or to it's occupants.

3.05 Construction of Improvements and Design Restrictions. In order to protect the overall integrity of the development as well as the quality and appearance of improvements of all property owners within the Subdivision, Declarant (or those persons to whom Declarant may assign the following authority, either in whole or in part, and their respective successors and assigns) shall have full authority but not the responsibility to control all construction, development and improvement activities of any kind within the Subdivision, and to insure that all such activities are properly conducted in accordance with and in a good workman-like manner, and in accordance with standard industry trade practices. Traditional style architectural designs are encouraged. No geodesic, A-Frames, log homes, or free style architectural designs shall be permitted. Prior to the commencement of any construction, all final plans and specifications must be approved (or not) in writing, by the Developer or the Architectural Control Committee (if one is created) as set forth herein. **ONLY SINGLE STORY RESIDENCES WILL BE PERMITTED.**

(A) Development Objectives. The aesthetic and ecological quality of the Property requires that all improvements be compatible with other Improvements and be in harmony with the natural surroundings. To this end, Declarant (or those persons to whom Declarant, in a written and recorded instrument, may assign the following authority, either in whole or in part, and their respective successors and assigns), sitting as an "Architectural Control Committee" (sometimes hereinafter called "the Committee") reserves for himself and his assigns the authority to carry out the following goals and functions, which may be amended from time to time by said Declarant or by those persons to whom Declarant has assigned such authority in the manner described above:

(B) Architectural Control Committee. The Architectural Control Committee shall be

composed of Declarant or Declarant's assigns. The Declarant's authority in this regard shall be considered to be "an interest in the land" for each lot the subject of this Declaration, and shall "run with the land" and be transferable as an interest in land, by use of the same legal formalities required for the transfer of any other interest in land. Once appointed by Declarant, the members of the Committee shall serve for so long as they desire, and may not be removed from office for so long as they exhibit good behavior. They shall have the authority to appoint their successors by transfer of their respective interests in the land the subject of this Declaration. The Committee reserves the right from time to time to file instruments in the Real Property Records of Gillespie County, Texas designating its then current composition.

- (C) Goal of Architectural Control Committee. The goal of the Committee is to encourage the construction of improvements of good architectural design, quality and proper size compatible with Declarant's conceptual plan for the Properties. Improvements should be planned and designed with particular attention to the design and aesthetic appearance of the exterior and the use of such materials as will, in the judgment of the Committee, create an attractive and harmonious blend with existing Dwellings and the natural surroundings. The Committee may disapprove the construction or design of an improvement on purely aesthetic grounds where, in its judgment, such disapproval is required to protect the continuity of design or values of the neighborhood and of other homeowners, or to preserve the serenity and natural beauty of any surroundings. Prior judgments regarding such matters of design or aesthetics shall not be deemed binding upon the Architectural Control Committee if such Committee feels that the repetition of such matters will have an adverse effect on the properties.
- (D) Function of the Architectural Control Committee. The Committee shall function as the representative of the Owners for the purposes herein set forth as well as for all purposes consistent with the creation and preservation of a first class development. No improvement, as that term is defined in Article I of this Declaration, shall be erected, constructed, placed, altered (either by addition or deletion), maintained or permitted to remain on any portion of The Properties until plans and specifications, in such form and detail as the Committee may deem necessary, shall have been submitted to and approved in writing by such Committee. The Architectural Control Committee shall have the power to employ professional consultants to assist it in discharging its duties. The decision of the Architectural Control Committee shall be final, conclusive, and binding upon the applicant.
- (E) Procedures of the Architectural Control Committee. The Committee may establish and publish from time to time reasonable administrative procedures and separate building guidelines covering residential and non-residential Improvements.
- (F) Design Submittal. The Owner must submit a design plan, which must adequately reflect to the Committee the true design quality of the proposed work. Final plans and specifications shall be submitted in complete form in duplicate and shall include a floor plan and all elevations of any proposed structure(s) (including walls, signs, pools, pool buildings, etc.), roof height, specification of materials, textures and

shapes. All exterior measurements and dimensions must be shown. (1/4" = 1' minimum) Description of materials and finishes must be clearly indicated.

(G) Basis of Approval. Approval of preliminary design plans and final plans and specifications shall be based upon the following:

1. The architectural and structural integrity of the design.
2. Harmony and conformity of the design with the surroundings both natural and built.
3. Adequacy of the design to conditions of the site.
4. Conformity to specific and general intent of the Protective Covenants covering the particular platted unit of which the Lot in question forms a part.

(H) Variances. Upon submission of a written request for same, the Architectural Control Committee may, from time to time, in its sole discretion, permit Owners to construct, erect, or install Improvements which are in variance from the covenants, restrictions, or architectural standards which are provided in this Declaration or the applicable Protective Covenants or these which may be promulgated in the future. In any case, however, such variances must, in the Committee's sole discretion, blend effectively with the general architectural style and design of the community and must not detrimentally affect the integrity of The Properties nor harmony with the natural surroundings. No member of the Committee shall be liable to any Owner for claims, causes of action or damages arising out of the grant of any variance to an Owner. Each request for a variance submitted hereunder shall be reviewed separately and apart from other such requests and the grant of a variance to any Owner shall not constitute a waiver of the Committee's right to strictly enforce the Covenants, Restrictions and architectural standards provided hereunder, against any other Owner. Any putative or alleged "variance" which is not in writing and which is not recorded as set forth in such section shall be deemed ineffective, and shall not be accorded any credence or given any effect. The defenses of "waiver", "estoppel" and "laches" are specifically abandoned by any person or entity owning an interest in any Lot to which these covenants are applicable, with respect to any contention that a variance has been granted in a manner which is inconsistent with the requirements of Section H. herein. Notwithstanding the foregoing, the Declarant or the Architectural Control Committee is empowered to waive or modify these restrictions if, in its (or their) sole discretion, such waiver or modification is advisable in order to accommodate a new or a unique or advanced building concept, design, or material, and the resulting structure will not detract from the general appearance of the Property. Any such waiver, variance, or modification must be in the form of a recordable written instrument, and must be signed by the Declarant, or a majority of the persons then serving as members of the Architectural Control Committee, and becomes effective upon its recording amongst the official Real Property Records of Gillespie County, Texas, as same are maintained by the Gillespie County Clerk.

(I) Issuance of a Building Permit. Upon approval of final submittals, a building permit must be obtained and construction may begin. All such permits must be prominently displayed at the job site. The issuance and acceptance of the building permit assures that:

1. Construction of an approved building will be completed within eight months from start of construction.
2. Construction will be in accordance with approved plans.
3. Any exterior changes after final approval of plans by the Architectural Control Committee must be approved in writing by the Committee prior to Construction of those changes.
4. Regular inspections may be made by a representative of the Committee.

(J) Failure of the Committee to Act. If the Architectural Control Committee fails to approve or to disapprove either the preliminary design plans or the final plans and specifications or to reject them as being inadequate within thirty (30) days after submittal thereof, it shall be conclusively presumed that such Committee has approved such preliminary design plan or such final plans and specifications, to the extent such plans and specifications are in compliance with the provisions contained herein. Should any variance or waiver to the covenants, conditions and restrictions contained in this instrument be required by such plans or proposal, no presumption of approval shall attach. If preliminary design plans or final plans and specifications are not sufficiently complete or are otherwise inadequate, the Architectural Control Committee may reject them as being inadequate or may approve or disapprove part, conditionally or unconditionally, and reject the balance.

(K) Limitation of Liability. Neither the Declarant, the Architectural Control Committee, nor any of the members of such Committee shall be liable in damages or otherwise to anyone submitting plans and specifications for approval or to any owner of land affected by this Declaration by reason of mistake of judgment, negligence, or nonfeasance arising out of or in connection with the approval or disapproval or failure to approve or to disapprove any plans and specifications.

3.06 **Sidewall Design.** The sidewall of each house on a corner lot that faces a side street will be designed and completed to create an attractive appearance that is comparable to its front elevation in terms of building materials, use of architectural trim and decor, windows, doors and other relief areas.

3.07 **Builder Approval.** As a portion of Declarant's desire to create a uniform plan of construction, development and improvement of the Subdivision, Declarant shall have the right to approve the identity of the builders and general contractors who shall be allowed to construct improvements on the Property.

(A) In the event that Declarant shall convey one or more Lots to an entity that will build the Improvements, such builders and general contractors are hereby approved. However,

if any such builder and general contractor shall decide to thereafter convey the Property to a third party or allow another builder and general contractor to construct the Improvements, such additional Owner and builder and general contractor must obtain the written approval of the Declarant for the actual builder and general contractor of the Improvements.

- (B) Should any Owner desire to obtain the approval of Declarant of a certain builder and general contractor prior to purchasing any Lot, Owner shall submit a written request identifying the builder and general contractor and providing information about the builder and general contractor the Owner desires to be considered by the Declarant. Thereafter, Declarant shall provide a letter stating whether or not it approves of the builder and general contractor intended to be utilized by the respective Owner of a lot. In any event, any builder and general contractors of any Improvements on the Property shall be pre-approved by the Declarant, in Declarant's absolute and sole discretion. Any Owner who purchases a Lot hereby understands and agrees that Declarant shall have the complete and sole discretion for approving any builders and general contractor to work on any portion of the Property until Declarant releases its right to approve builders and general contractors by filing an instrument of release of such right in the Real Property Records of Gillespie County, Texas.

3.08 Repair of Buildings. All improvements upon any of the Property shall at all times be kept in good, safe, attractive condition and repair and adequately or otherwise maintained by the Owner thereof.

3.09 Removal of Improvements. In the event that a Single Family Unit or other Improvement on a lot shall be damaged or destroyed by casualty, hazard or other cause, including fire or windstorm, then, within a reasonable period, not exceeding three (3) months following the occurrence of the offending incident, the Owner of the affected Improvement shall cause the damage or destroyed Improvements to be repaired, rebuilt or reconstructed or to be removed and cleared from such lot. Any such repair, rebuilding, or reconstruction shall be approved and accomplished as otherwise required for new construction pursuant to the provisions of this Declaration.

3.10 Hazardous Activities. No activities shall be conducted on the Property and no Improvements shall be constructed on the Property which are or might be unsafe or hazardous to any Person or Property. Without limiting the generality of the foregoing, no firearms, projectiles, weapons or fireworks shall be discharged upon the Property, no open fires shall be lighted or permitted, except within interior fireplaces designed and built according to industry standards and all applicable laws, codes and statutes, or in contained barbecue units for cooking purposes, or in properly constructed rock or brick fire pits, above ground steel fire pits, or chimeneros, while attended by a responsible adult.

3.11 Mining and Drilling. No portion of the Property shall be used for the purpose of mining, quarrying, drilling, boring, or exploring for or removing oil, gas, or other hydrocarbons, minerals of any kind, rocks, stones, sand, gravel, aggregate, or earth. No tank for the storage of oil, gasoline, or other hazardous products may be maintained on any lot.

No vehicle shall be parked within the Properties except on a paved parking surface, driveway or within a garage. No trucks, trailer or vehicles

Boats, boat trailers, utility trailers, campers, travel trailers, recreational vehicles and the like, and any vehicles not in operable condition and validly licensed, shall only be permitted to be kept within the Properties if such are kept inside a garage and concealed from public view.

No travel trailers or recreational vehicles owned by guests of Owners, shall be parked on or near any Lot so as to be visible from adjoining Property or public streets. Intermittent and overnight stays are prohibited.

No animals, including pigs (except as permitted by city ordinances), hogs, swine, poultry, fowl, wild animals, reptiles (except turtles, lizards and non-venomous snakes kept and contained solely within the residence), horses, cattle, sheep, goats or any other type of animal not considered to be a domestic household pet within the ordinary meaning and interpretation of such words maybe kept or maintained on the property. No domestic household pet shall be allowed to make an unreasonable amount of noise, or to become a nuisance, and no domestic pets will be allowed on the Property other than on the Lot of the Owner unless confined on a leash. The household within each Lot shall not keep more than two (2) dogs and/or two (2) cats at any one time or two (2) of any other type of domestic animal of any one (1) kind. No animal may be stabled, maintained, kept, caged for or boarded for hire or remuneration on the Property and no kennels or breeding operations of animals will be allowed on any Lot. No domestic household pet shall be allowed to run at large and pets shall be kept within enclosed areas on the Property which must be clean, sanitary and reasonably free of refuse, insects and waste at all times. Such enclosed area shall be of reasonable design and construction to adequately contain such animals in accordance with the provisions hereof, and shall be screened so as not to be visible from the street view. Dog runs shall not be visible from any portions of the Property at street level. No vicious or dangerous animals shall be allowed on the Property.

3.15 Maintenance of Lot and Lawns and Plantings. Each owner shall keep shrubs, trees, grass and plantings of every kind on such Owner's Lot cultivated, pruned or mowed, free of trash, weeds and other unsightly material. Prior to the construction of a residence on a Lot, the Lot Owner shall regularly mow such unimproved Lot and keep it neatly trimmed and free of trash and other unsightly material.

Commensurate with the completion of construction, front yards (and side yards on corner lots) shall be fully seeded or sodden within sixty (60) days of completion of construction.

All front yards (and side yards on corner lots) must be landscaped with vegetation, hereby prohibiting yards that are essentially covered by cement, gravel, crushed granite or other hard surface or impervious materials.

Each and every day an Owner allows a condition to exist on his or her Lot which is not in compliance with the requirements contained herein shall constitute a separate and individual violation hereof, and shall give rise to a new cause of action for such breach. The intended effect and express purpose of this provision shall be that every Owner, by accepting title to a Lot, hereby waives the affirmative defenses of the statute of limitations, waiver and laches with respect to covenant violations. Noncompliant conditions shall be allowed to exist on a Lot only upon the Owner obtaining a written variance in accordance with the applicable provisions herein. Failure of Declarant, or of any Owner to enforce the terms of this Declaration shall in no event be deemed a waiver of the right to do so thereafter.

ARTICLE VI. ASSESSMENTS BY AWARD OR JUDICIAL DECREE

6.01 In the event arbitration or litigation is necessary to enforce any provision contained within this Declaration, by Declarant or any Owner, any and all awards granted by the arbitrator, or damages, penalties, fees, costs, and/or any other charges awarded in the decree to remedy a restriction violation shall be borne by the Owner of the Lot in violation.

ARTICLE VII. EASEMENTS

Further, Declarant hereby creates, declares, grants and reserves for the benefit of Declarant, Gillespie County, the City, and all Owners and any public or private providers of utility services to the subject Property and their respective successors and assigns, a nonexclusive easement for utility purposes over, under, within and upon other easement areas shown on the plats of the Property, as hereafter amended, for the purposes of constructing, installing, inspecting, maintaining, repairing and replacing from time to time any and all utility lines, systems and facilities from time to time deemed necessary or appropriate by Declarant for development of the Property. Further, Declarant reserves the right, and all Owners agree to cooperate to grant, dedicate, reserve or otherwise create, at any time or from time to time, rights-of-way and easements for public utility purposes (include, without limitation, gas, water, electricity, telephone, TV cable, sanitary sewer and drainage), in favor of any Person or entity across any Lot or on any portion of the Property as is necessary or efficient to supply all utilities to all Lots.

7.02 **Drainage Easements.** Easements for drainage throughout the Subdivision are reserved as shown on the aforementioned recorded plats, such easements being depicted thereon as "drainage easement"

No owner of any lot in the Subdivision may perform or cause to be performed any act which would alter or change the course of such drainage easements in a manner that would divert, increase, accelerate or impede the natural flow of water over and across such easements. More specifically, and without limitation, no owner may:

- (A) Alter, change or modify the existing natural vegetation of the drainage easements in a manner that changes the character of the original environment of such easements;
- (B) Alter, change or modify the existing configuration of the drainage easements, or fill, excavate or terrace such easements or remove trees or other vegetation therefrom without the prior written approval of the City of Fredericksburg;
- (C) Construct, erect or install a fence or other structure of any type or nature within or upon drainage easements. However, upon approval by the City of Fredericksburg, fencing shall be allowed across drainage easements only such that the bottom of the fence shall be a minimum of the flow depth plus free board above the design flow line of any channel or drain. it being understood that in no case shall the flow of drainage be hampered;
- (D) Permit storage, either temporary or permanent, of any type upon or within such drainage easements: or
- (E) Place, store or permit to accumulate trash, garbage, leaves, limbs or other debris within or upon the drainage easements, either on a temporary or permanent basis. The failure of any owner to comply with the provisions of this Article shall in no event be deemed or construed to impose liability of any nature on the Declarant. Declarant shall not be charged with any affirmative duty to police, control or enforce such provisions. The drainage easements provided for in this provision shall in no way affect any other recorded easement in the Subdivision.
- (F) Surface Areas. The surface of easement areas for underground utility services may be used for planting of shrubbery, trees, lawns or flowers and for paving of driveways, unless otherwise specifically prohibited by the plat or any other recorded easement. However, neither Declarant nor any supplier of any utility service using any easement area shall be liable to any Owner for any damage done by them or either of them, or their respective agents, employees, servants or assigns, to any of the aforesaid vegetation or driveways as a result of any activity relating to the construction, maintenance, operation or repair of any facility in any such easement areas.

7.03 Construction and Maintenance Easement. of the easement area, but also includes the repair and/or replacement of any privacy wall that may have been constructed over or across any portion of the easement tract) occurring within the ten foot (10') adjacent side setback area, brought about through the exercising of the easement rights herein reserved. The protrusion of roof overhang and rain gutter onto the ten foot (10') side setback area will not constitute a violation of the zero foot (0') side building setback line, same being deemed by the adjacent owner to be a permitted protrusion and permitted title exception.

COUNTY OF GILLESPIE §

Reference is herein made to the DECLARATION OF COVENANTS, CONDITIONS AND RESTRICTIONS FOR CRABAPPLE GROVE SUBDIVISION - UNIT 2 ("Restrictions"), under Register No. 20102424, Official Public Records of Gillespie County, Texas.

Reference is herein further made to the Subdivision Plat of Crabapple Grove Subdivision - Unit 2 ("Crabapple Grove"), recorded in Volume 4, Page 145, Plat Records of Gillespie County, Texas ("Subdivision Plat").

Whereas, Friends Development, LTD., a Texas limited partnership ("Declarant"), is the owner of all tracts of land contained within Crabapple Grove with the exception of Lot No. 165; and

Whereas, Lot No. 165 of Crabapple Grove is owned by Carolyn Weber (now Carolyn Kuhlmann), Patrick Usener and Gerald Usener; and

Whereas, the Declaration of Covenants, Conditions and Restrictions by referencing the Subdivision Plat included all lots within Crabapple Grove; and

Whereas, Carolyn Weber, Patrick Usener and Gerald Usener did not join in or consent to the Declaration of Covenants, Conditions and Restrictions as they relate to Lot No. 165 of Crabapple Grove, an error and ambiguity now exist as to whether or not Lot No. 165 is subject to the Declaration of Covenants, Conditions and Restrictions; and

Whereas, Section 8.03 of the Declaration of Covenants, Conditions and Restrictions states as follows: "Savings Provision. Notwithstanding anything to the contrary, Declarant shall have the right at any time, at it's sole discretion and without any joined or consent of any other party, to amend this Declaration for the purposes of correcting any error, ambiguity or inconsistency appearing herein or for any reason whatsoever deemed necessary for the benefit of the overall development as determined by Declarant, at it's sole discretion. This is further confirmed by the fact that Carolyn Weber, Patrick Usener and Gerald Usener were not parties to, nor ever consented to, or confirmed the Declaration of Covenants, Conditions and Restrictions as being applicable to Lot No. 165.
2. In order to correct such error and ambiguity, the undersigned hereby confirm that the Declaration of Covenants, Conditions and Restrictions are not applicable to Lot No. 165, Crabapple Grove, and hereby release said tract of land from the Declaration of Covenants, Conditions and Restrictions.
3. The parties hereto further confirm that the building setback lines reflected on the Subdivision Plat and also set forth in Section 4.07 of the Declaration of Covenants, Conditions and Restrictions are not binding upon Lot No. 165.
4. However, the parties hereby confirm that all easements, dedications and rights of way reserved or shown on the Subdivision Plat covering all or any portion of Lot No. 165, Crabapple Grove, are hereby confirmed and carried forward as they may relate to Lot No. 165, Crabapple Grove, same being carried forward and confirmed for the benefit of Declarant, Gillespie County, the City of Fredericksburg and all owners within Crabapple Grove and any public or private providers of utility services to Crabapple Grove. COVENANTS, CONDITIONS AND RESTRICTIONS
FOR CRABAPPLE GROVE SUBDIVISION, UNIT 2**

Reference is herein made to the Declaration of Covenants, Conditions and Restrictions for Crabapple Grove Subdivision, Unit 2, dated June 10, 2010, recorded under Register No. 20102424, of the Official Public Records of Gillespie County, Texas; and the Amendment to Declaration of Covenants, Conditions and Restrictions dated July 19, 2013, recorded under Register No. 20130761, of the Official Public Records of Gillespie County, Texas ("Declaration").

The undersigned, being all of the owners of all of the lots in Crabapple Grove Subdivision, Unit 2, hereby agree to the Second Amendment to the Declaration, such Amendment consisting of the following:

1. Article 3.15 is hereby amended to delete the last paragraph of Article 3.15 which in the original Declaration is stated as follows:

"All plants, shrubs, hedges or other plantings along the zero foot (0') side setback line shall be maintained at a height, not to exceed three feet (3'). Additionally, no vines shall be planted along the zero foot (0') side setback line that attach themselves to the wall and eventually the roof overhang and gutter. No other landscape features or physical structures shall be placed in front of or in such manner so as to interfere with the natural light penetrating any clear glass blocks constructed within the wall along the zero foot (0') side setback line."

2. Article 4.07 is hereby amended by deleting paragraph two which states:

"R5 buildings or structures shall not be placed or maintained within twenty feet (20') of the front boundary of a lot, within fifteen feet (15') of the side boundary of a lot, excluding the zero (0') lot line side, or within ten feet (10') of the rear boundary of a lot. Improvements may be located as allowed by City Code regulations, provided that no encroachment occurs with respect to utility easements."; **AND AMENDING PARAGRAPH 1 to state:**

"All Single Family Units must be constructed, placed and maintained in conformity with platted setback lines. In no event shall any R-1-A building or other structure be constructed, placed or maintained within fifteen feet (15') of the front boundary line of a lot, within five feet (5') of the interior side boundary of a lot (or fifteen feet (15') of a street side boundary of a lot), or within ten feet (10') of the rear boundary of a lot."

The easement shall be perpetual and may be exercised by any reasonable means, however the owner of the residence constructed along the zero foot (0') setback line shall be liable and responsible for repairing any surface damage (including not only the usual and normal surface damages brought about to ground cover, shrubbery, any deviation to drainage of the easement area, but also includes the repair and/or replacement of any privacy wall that may have been constructed over or across any portion of the easement tract) occurring within the ten foot (10') adjacent side setback area, brought about through the exercising of the easement rights herein reserved. The protrusion of roof overhang and rain gutter onto the ten foot (10') side setback area will not constitute a violation of the zero foot (0') side building setback line, same being deemed by the adjacent owner to be a permitted protrusion and permitted title exception."

The undersigned hereby agree that the deleted sections will no longer be part of the Declaration.
