Interior Features

- Natural finish hardwood floors throughout this one-level living home with light-filled living spaces.
- Neutral paint and upgraded trim shine.
- Gourmet kitchen features white cabinets and granite countertops. Chefs will love the GE double wall oven, and new (2023) refrigerator. Enjoy casual meals at the breakfast bar.
- The open floor plan is great for entertaining. Gather in the living room with dual sided fireplace that opens to the vaulted sunroom.
- Formal dining room features crown molding and chair rail.
- Home office at the front of the home could also be a fourth bedroom.
- Dual primary suite setup features two large bedrooms each with walk in closets that share a joined primary bathroom featuring two separate vanities, a water closet and a shower.
- A third bedroom adjoins the full bathroom making it a great space for guests.
- Large laundry room boasts storage cabinets, and modern washer/dryer.
- Unfinished walk-up, lower-level features roughed in bathroom plumbing, and a sump pump. Currently used as storage this presents the opportunity to double the living space by creating a recreation room, home gym, or in-law/guest space.
